Getting the most from the NYS Trauma-Informed Network

WELCOME
TO THE NEW YORK STATE TRAUMA-INFORMED NETWORK

We're here to connect you with other organizations around NYS, **bringing you resources and events on a variety of topics that promote trauma-responsive practices.**

Our goal is to support champions of trauma responsive practices across the state with improved connection and access to quality resources. Together we can increase the collective understanding of trauma, improve practice, and support resilience throughout New York State.

FOCUS ON: Permanency and Well-Being

NTI:
Advancing Practice for Permanency and Well-Being

NTI is a free, web-based training for child welfare and mental health professionals that addresses the complex needs which may arise in families connected to foster care, guardianship and adoption. NTI provides professionals with extensive knowledge and practical tools to enhance their adoption competency; this increased skill set will enable professionals to best support the permanency and well-being of children and families.
